About Tempest Therapeutics

Tempest is a clinical-stage biotechnology company developing next-generation *in vivo* CAR-T therapies for cancer and autoimmune disease. Tempest's lead product candidate, TPST-4003, combines a clinically supported dual-targeting CD19/BCMA CAR structure with an advanced CD7-targeting delivery system to support broad immune reset across multiple indications. Tempest envisions a world in which immune reset therapies bring safe, effective, and broadly accessible therapeutic options to patients in need.
